AUCTION SALES.

Continued cool weather is keeping things brisk in the local produce market, but in spite of the increased demand the receipts in several lines are a little too heavy for a maintenance of steady prices. This is noticeable especially in chickens, and in fruits of all kinds. Chickens are lower than they have been for several weeks, and the arrivals of live fowl are crowding the market booths. Fruits are in abundance, with prices unsteady. There is an excellent market for veal.

Wholesale prices today are:
